

VULNERABLE ADULT SERVICES

WORKING TO REDUCE
INEQUALITIES IN NORWICH

DO YOU NEED SOME EXTRA SUPPORT?

- Are you homeless, or at risk of homelessness?
- Are you a sex worker?
- Are you a Gypsy, Traveller or Roma?
- Have you recently come out of prison?

INFORMATION LEAFLET

Norwich GP Practices and Pathways Norwich are working together to help and support you

What can you expect from the vulnerable adult services?

The vulnerable adult service is led by you and the health and wellbeing goals you choose to focus on. For example, you might choose to be supported with personal care or want to talk to someone about problems around drink or drugs.

The service will help and support you by:

- Providing co-ordinated support to improve your health and wellbeing with a personalised plan
- Helping you to access routine use of services, such as a GP, just like everyone else
- Providing safe, effective and personal support in the most appropriate setting
- Putting you in touch with the right people to help with housing issues

We work in partnership with professional services and you to develop your potential.
